Technical drawing of a stepped profile. The profile consists of a horizontal base with a total length of 400. The base is divided into three segments: a left segment of length 128, a middle segment of length 140, and a right segment. The left segment has a vertical step up to a height of 100. The middle segment has a vertical step down to a height of 50. The right segment has a vertical step up to a height of 100. The base is divided into 10 equal segments of length 40 each. The dimensions 128, 140, and 400 are indicated by arrows below the base.

Technical drawing of a 90-degree elbow. The main view shows a profile with a height of 40 and a width of 45. The inner radius is labeled R4. The wall thickness is indicated as 4. A section line A-A is shown. A detail view of the fillet weld is shown with a 45-degree angle and a weld size of 4.
